Re-Occupancy Notice – Lead Hazard

TO: _____
(Head of Household)

As a result of environmental dust lead sampling conducted on _____, your house has successfully passed the dust lead level clearance thresholds for floors, interior window sills, and window troughs. Therefore, you are hereby authorized to re-enter the site for final inspection and subsequent re-occupancy as of _____ on _____
(time) (date)

For additional information on the work done in your unit and the dust sampling results, you may request a copy of the clearance report from _____ at _____

Signature of Colonia SHC Representative
