About the Department

The Texas Department of Housing and Community Affairs (TDHCA) is Texas’ only state housing finance agency, and serves as the state agency responsible for promoting and preserving homeownership, financing the development of affordable rental housing, supporting community and energy assistance programs, and colonia housing activities.

The Department administers state and federal funds across a housing continuum ranging from poverty and homelessness prevention to homeownership and home repair to foreclosure prevention. Most of the Department’s funds are administered through partnerships with:

- Non-Participating Jurisdictions (cities and counties that receive no direct allocation of federal housing dollars)
- Eligible nonprofit and community-based organizations
- Private developers
- Public Housing Authorities

The Manufactured Housing Division of TDHCA regulates the manufactured housing industry in Texas.
